Screen Shots of my result:

Login Page:

The screenshot shows a mobile application interface for a login page. At the top, there is a black status bar with white icons for signal, Wi-Fi, and battery, along with the time 10:13. Below the status bar, the text "Username:" is followed by a white text input field. Underneath that, the text "Password:" is followed by another white text input field. Below the password field is a grey button with the text "Login" in white. At the bottom of the form area, there are two blue, underlined links: "Register" and "BMI Calculator". At the very bottom of the screen is a black navigation bar with three white icons: a triangle (back), a circle (home), and a square (recent apps).

Register:

The image displays two screenshots of a mobile application interface. The left screenshot shows a login screen with the title 'Please sign in' and fields for Username, Password, Confirm Password, Preferred Name, and Date of Birth. The right screenshot shows a registration screen with the title 'Account' and fields for Username, Password, Confirm Password, Preferred Name, Date of Birth, Email, Gender (with radio buttons for Male and Female), and Telephone, followed by a 'login' button. Both screens have a status bar at the top showing the time as 10:04 and various system icons, and an Android navigation bar at the bottom.

Invalid Credentials:

The image shows a mobile application interface for a login or registration form. The form includes the following fields and labels:

- Username**: A text input field at the top.
- Password**: A text input field with a red error message above it that says "Please fill out this field.".
- Confirm Password***: A text input field with the placeholder text "enter the same password".
- Preferred Name***: A text input field.
- Date of Birth***: A text input field.

The interface is displayed on a mobile device screen, showing a status bar at the top with the time 10:04 and various icons. A virtual keyboard is visible at the bottom of the screen.
