Screen shots of Lab 3:

Home Page:

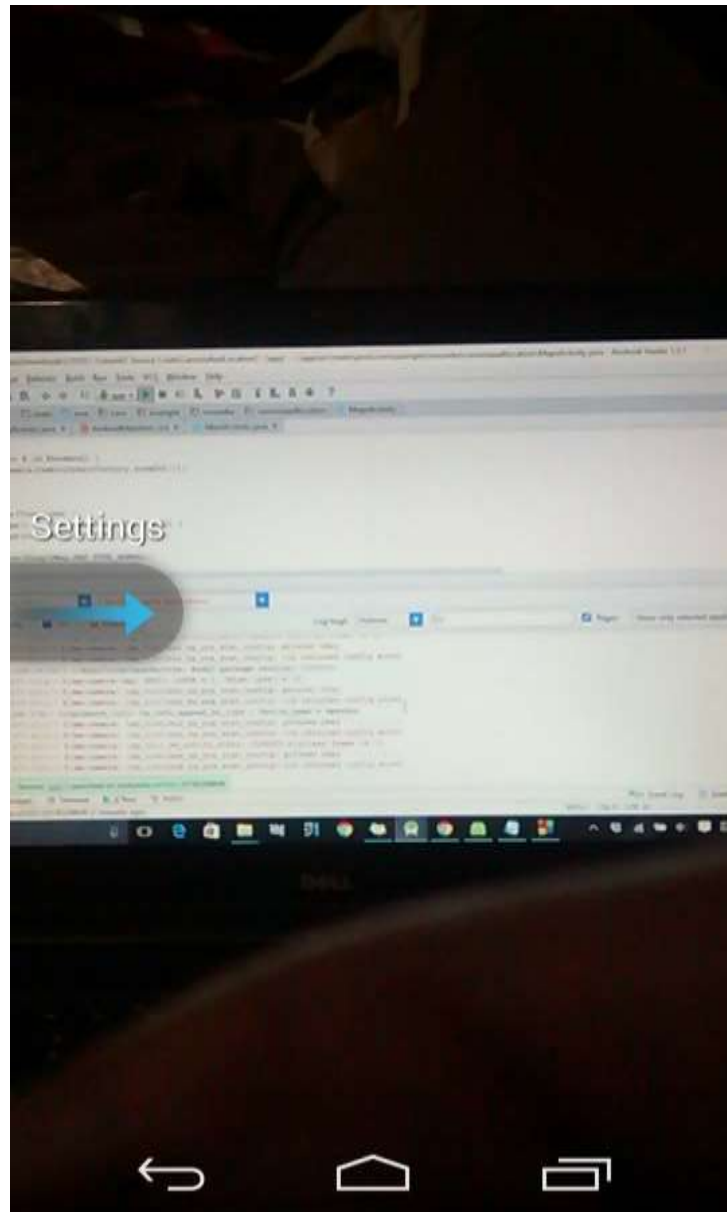

The screenshot shows the home page of an Android application titled "CameraAadLocation". The app has a blue header bar with the title. Below the header, there are five text input fields: "First Name", "last Name", "Username", "Password", and "Address". To the right of the "Address" field is a button labeled "Take a picture". Below the "Address" field is a button labeled "Get Address". At the bottom center of the form is a button labeled "Sign Up". The app is running on an Android device, as indicated by the status bar at the top showing the time as 3:40 and various icons, and the navigation bar at the bottom showing the back, home, and recent apps buttons.

Showing picture in Home Page:

The screenshot displays an Android application interface with a blue header bar labeled "CameraAdLocation". Below the header, there is a registration form with the following elements:

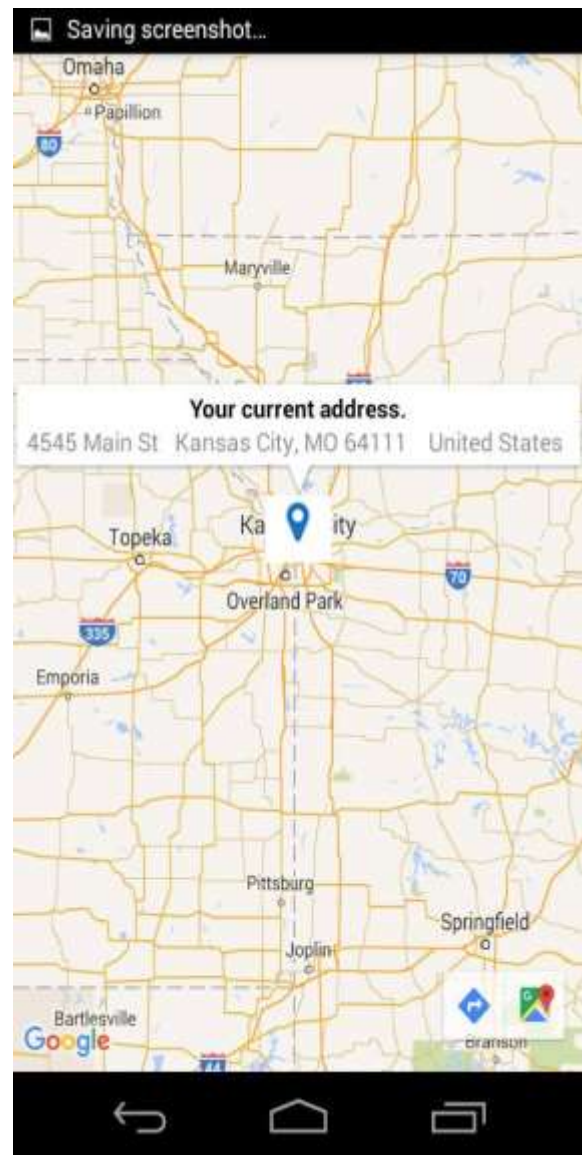

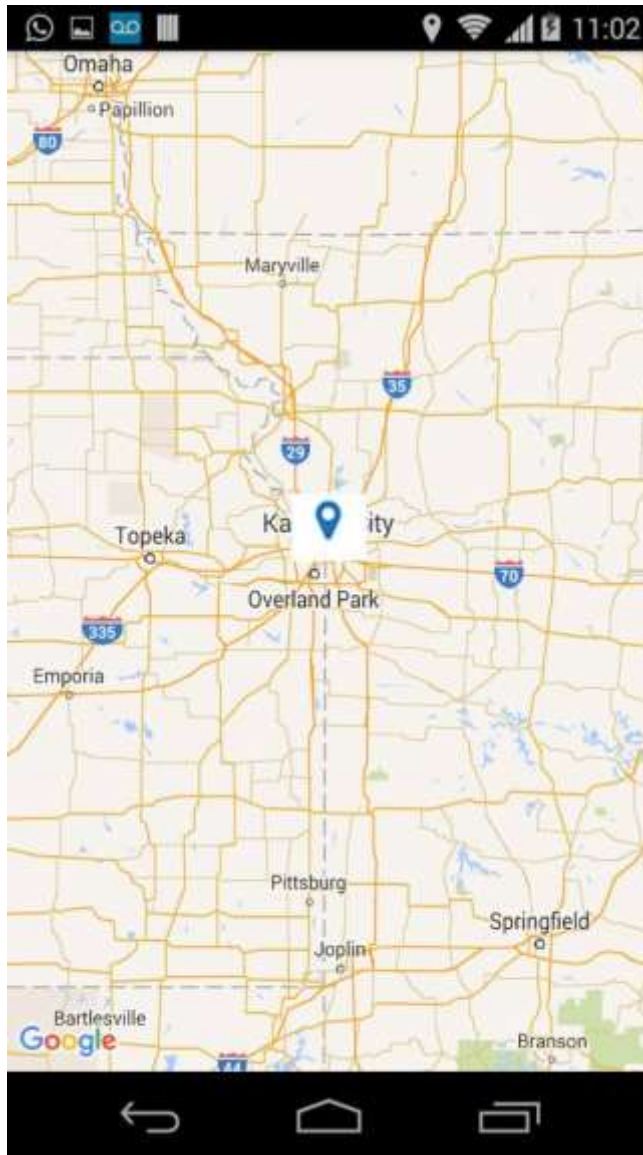

- Input fields for "First Name", "last Name", "Username", "Password", and "Address".
- A "Get Address" button located below the "Address" field.
- A "Take a picture" button located to the right of the "Address" field.
- A "Sign Up" button centered at the bottom of the form area.

On the right side of the form, there is a small rectangular inset image showing a blurred screenshot of a webpage or document. The top status bar of the phone shows icons for camera, app drawer, Wi-Fi, signal strength, battery, and the time 3:40. The bottom navigation bar shows standard Android icons: back, home, and recent apps.
